Report of Independent Accountants

To the Administrative Committee  
and Participants of the Campbell Soup Company  
Savings and 401(k) Plan for Salaried Employees

In our opinion, the accompanying statements of net assets

available for plan benefits and the related statements of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of Campbell Soup Company Savings and 401(k) Plan for Salaried Employees at December 31, 1993 and 1992, and the changes in its net assets available for benefits for the years then ended, in conformity with generally accepted accounting principles. These financial statements are the responsibility of the Administrative Committee; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with generally accepted auditing standards which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by the Administrative Committee, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for the opinion expressed above.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The additional information included as Exhibits 1 and 2 is presented for the purposes of additional analysis and is not a required part of the basic financial statements but is additional information required by ERISA. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAMPBELL SOUP COMPANY SAVINGS AND 401(K) PLAN  
FOR SALARIED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS  
December 31, 1993 and 1992

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Investments:

The assets of the Campbell Soup Company Savings and 401(k) Plan for Salaried Employees (the "Plan") are carried at fair value. The fair value of the Campbell Soup Company capital stock is based upon reported market information. Fair value for the Vanguard Windsor Fund, the Vanguard US Treasury Portfolio, and the Phoenix Growth Fund are determined by the net asset value of the shares as reported by the funds.

The Contract Income Fund is carried at cost which approximated the market value at December 31, 1993 and 1992, and the interest income on this investment option accrues directly to the fund. The Contract Income Fund is a collective investment trust arrangement with a portfolio of insurance contracts jointly held by the Plan and the Campbell Soup Company Savings and 401(k) Plan for Hourly-Paid Employees. Individual contract cost and related interest are based on an allocation of the total Contract Income Fund portfolio balance between the two plans based upon their relative fund balances.

Dividend income is recorded on the ex-dividend date and interest is accrued as earned. Realized gains or losses on the sale of investments are determined based on historical average cost. Such gains and losses are computed on a current value basis for Form 5500. The difference may result in a differing classification between realized and unrealized, but the total gain or loss will be unaffected.

Other Assets and Liabilities:

Receivables include receivables for dividends and interest, securities sold, loan repayments, and assets due from other investment funds. Payables include amounts due for securities purchased and loan issuances, and assets due to other investment funds.

Statement of Financial Accounting Standards No. 114:

On May 15, 1993, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 114 (FAS 114), Accounting by Creditors for Impairment of a Loan. FAS 114, which must be adopted by the Plan by fiscal 1995, requires that impaired loans that are within the scope of this Statement be measured based on the present value of expected future cash flows discounted at the loan's effective interest rate. Previously issued financial statements shall not be restated upon adoption of FAS 114. Adoption of FAS 114 is not expected to have a material effect on the Plan's financial statements.

Reclassification:

Certain amounts in the accompanying financial statements have been reclassified for comparative purposes.

FOR SALARIED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS  
December 31, 1993 and 1992

NOTE 2 - DESCRIPTION OF THE PLAN

The purpose of the Plan is to encourage employees of Campbell Soup Company (the "Company") and its subsidiaries to save part of their income on a regular basis. Salaried employees at substantially all domestic locations of the Company and its subsidiaries are eligible for participation in the Plan. Participation in the Plan is on a voluntary basis. The Plan provides participants with both a 401(k) pre-tax and after-tax contribution option. The plan is supervised, administered, and interpreted by an Administrative Committee, appointed by the Board of Directors of the Company. The Administrative Committee is comprised of one or more persons who may be, but need not be, employees or members of the Board of Directors of the Company. The Administrative Committee has appointed State Street Bank and Trust Company as trustee to manage the assets of the Plan. All expenses incident to the operation of the Plan have been paid by the Company.

Participants authorize payroll deductions which are contributed to the Plan and credited to their individual accounts. Monthly contributions are limited to a pre-tax maximum or a post-tax maximum of 10%, or a combined maximum of 15%, of a participant's earnings, as defined, in multiples of 1%. However, in accordance with the Internal Revenue Code (the "Code"), the amount of a participant's pre-tax contribution for calendar year 1993 was limited to \$8,994. Participants may direct that their contributions, in multiples of 10%, be invested in any of the Plan's investment options described below.

The Company makes matching contributions in the amount of 50% of each participant's contributions up to 5% of the participant's earnings. Company contributions are invested in the same funds as the participant's contributions. The Company, in its discretion, can also make an additional contribution to the participant's accounts at the end of the Company's fiscal year.

Participants are always 100% vested in their contributions made to the Plan. An employee who was an active participant in the Campbell Soup Company Employee Savings and Stock Bonus Plan and who became an active participant in the Plan on April 1, 1988 is 100% vested in any portion contributed by the Company. In all other cases, the vested and nonforfeitable interest in amounts credited to the participant's individual account with respect to Company contributions and any earnings and profits thereon vest in various percentages over a five year period in accordance with the vesting schedule contained in the Plan's prospectus.

9 -- 401 (K) FOR SALARIED EMPLOYEES

CAMPBELL SOUP COMPANY SAVINGS AND 401(K) PLAN  
FOR SALARIED EMPLOYEES

NOTES TO FINANCIAL STATEMENTS  
December 31, 1993 and 1992

Participants may borrow up to one-half of their fully-vested account balances subject to certain minimum and maximum loan limitations. The loans are executed by promissory notes and have a minimum term of 12 months and a maximum term of 54 months. The loans bear an interest rate equal to two points above the highest prime rate in effect on the first day of the calendar quarter. The

loans are repaid over the term in monthly installments of principal and interest by payroll deduction. A participant also has the right to repay the loan in full at any time without a penalty.

At the end of any month, a participant who has five continuous years of participation in the Plan may withdraw, once in a calendar year, all or a portion of his or her account balance, except the portion attributable to pre-tax contributions. If a participant is under age 59 1/2, a withdrawal may be made from the participant's pre-tax account only if a financial hardship is demonstrated.

In the event of Plan termination, each participant will be entitled to receive a benefit in the amount of his or her interest in the Plan, including that portion attributable to Company contributions.

At December 31, 1993, there were 7,063 participants in the Plan. Some of these participants have portions of their account balances invested in more than one investment option. The following presents the number of participants represented with account balances in each investment option:

Campbell Soup Company Stock	6,790
Phoenix Growth Fund	2,355
Vanguard Windsor Fund	3,107
Contract Income Fund	1,304
Vanguard US Treasury Portfolio	366

Effective April 1, 1994 Fidelity Institutional Retirement Services Company ("Fidelity") replaced State Street Bank and Trust Company, the trustee, and SunGard, the recordkeeper, for the Campbell Soup Company Savings and 401(k) Plan for Salaried Employees. In this capacity, Fidelity will serve as recordkeeper, trustee, and investment manager for the Plan's assets and will also provide most employee communications for the Plan's participants. With the exception of Campbell Soup Company stock, the Fidelity family of mutual funds will replace all current investment options of this Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - FEDERAL INCOME TAXES

The most recent tax determination letter received for the Plan is dated August 10, 1989 indicating it is a qualified plan under Section 401(a) of the Code. Accordingly, no provision has been made for Federal or state income taxes. An updated tax determination letter will be requested in 1994 to reflect the transfer of recordkeeping, trustee, and investment management services to Fidelity Institutional Retirement Services Company, as discussed in Note 2. The Company has represented that the Plan has been administered in accordance with all provisions of the Code and the Employee Retirement Income Security Act of 1974 ("ERISA") and will be amended and/or restated, as necessary, prior to December 31, 1994 to ensure that it remains in compliance with the current laws.

NOTES TO FINANCIAL STATEMENTS  
December 31, 1993 and 1992

NOTE 5 - BENEFIT OBLIGATIONS

The plan changed its method of accounting for benefit obligations to participants during fiscal year 1992 to comply with recently issued guidance for accounting and disclosure by employee benefit plans. The 1993 benefit payments have been increased by \$248,000 and the 1992 benefit payments have been decreased by \$502,000 to reflect this change.

Benefit obligations for participants who have withdrawn a portion or all of their accounts or were separated from the Plan are as follows:

	(000's Omitted)	
	December 31, 1993	December 31, 1992
Campbell Soup Company Stock	\$1,462	\$2,041
Phoenix Growth Fund	114	260
Vanguard Windsor Fund	385	155
Contract Income Fund	195	152
Vanguard US Treasury Portfolio	239	35
	-----	-----
	\$2,395	\$2,643
	=====	=====

Participant distributions payable are not presented as a liability in the Statement of Net Assets Available for Plan Benefits or as distributions in the Statement of Changes in Net Assets Available for Plan Benefits. These benefit obligations are reflected as liabilities in the Plan's Form 5500 for fiscal years 1993 and 1992.

NOTE 6 - SETTLEMENT OF THE EXECUTIVE LIFE INSURANCE COMPANY CONTRACT

On April 11, 1991, Executive Life Insurance Company ("Executive Life") was placed into a court-supervised conservatorship in order to protect the rights of policyholders and investors. In a letter dated May 6, 1991, the Company informed all Plan participants that it would guarantee the Executive Life obligation to the Contract Income Fund. Accordingly, the Company purchased the Executive Life investment contract in full from the Contract Income Fund of the Plan on December 31, 1991. In January 1992, the Company paid the Plan approximately \$1,204,000 consisting of \$1,139,000 of principal and \$65,000 of interest. As of December 31, 1993 and 1992, the Plan had no amount invested with Executive Life. The Company applied to the Department of Labor ("DOL") for a prohibited transaction exemption. On June 11, 1992, DOL granted the exemption to the Plan in accordance with Section 408(a) of ERISA.
